Dear Dick:

By all means, see Similas. But I think you should talk with Gary first. Ib began that way with him. My recollection is that unless he lied to Gary he has no pictures to show you and if he does he has been holding out. But if you get to see them by all means if in his presence make copies. They can be copied immediately today in a proper store.

Your letter arrived just as I qas about to leave. I will show the enclosure to Dr. Nichols personally. I am seeing him in two days.

Yours,

Harold Weisberg
